HE DROVE LAST SPIKE ON BRAINERD BRANCH

"LITTLE JOHNNY" STANTON WAS BOY WHO DID THE JOB

IS NOW IN BRAINERD AND AWAITING JOYOUSLY 50TH ANNIVERSARY CELEBRATION

FRED PARKS, NOTED HORSE TOTE TEAMSTER, SHOULD BE IN 4TH OF JULY PARADE

Tuesday afternoon George W. Moody motored to the Dispatch office and said there were two people in Brainerd right now who should not be slighted when the Home Coming Week and Brainerd's Fiftieth Anniversary is in full sway.

They include "Little Johnny" Stanton and Fred Parks.

"Little Johnny" Stanton, said Mr. Moody, has the honor of driving the last spike on the Brainerd branch. Whether the spike was a golden one or just a plain, every day spike, Mr. Moody could not remember but he said that to "Little Johnny" belonged the glory of driving home the last spike which brought the branch to Brainerd.

Another man not to be neglected is Fred Parks, said Mr. Moody. Fred is the best eight horse tote teamster in the West. In the old days he cracked the whip over as pretty a layout of horses and big freighting wagon as any teamster ever gloried in. He should have a wagon loaded with Brainerd kids and eight horses prancing in the Fourth of July pageant parade, said Mr. Moody.

F. L. Peabody, a relative of F. C. Peabody, is coming from Brandon, Florida, to attend the homecoming. He was one of the first engineers on the Northern Pacific when Brainerd was the terminus. He left Brainerd in 1876 and entered the employ of a St. Louis road. He retired there as its oldest engineer and the resignation was refused and he was given an indefinite layoff with pay. He was in Brainerd two years ago and has written his nephew, Mr. Peabody living on a farm near Brainerd, that he will certainly be in Brainerd to see the old boys.

Fireworks at Brainerd W. H. Cleary, manager of the Brainerd Grocery company, is assisting the committee on fireworks and will see that the committee gets every possible wholesale discount, in fact the most fireworks for the money.

He broached the plain of shooting 'em off from the water tower, as was done by the Elks last year, when Eugene White had charge of that feature.

The Chicago fireworks house did not take kindly to the idea of shooting 'em off from a high place and wrote:

"In regard to firing a display from the top of a tower 150 feet in the air and 30 feet in diameter, this does not appeal to me at all. Of course, there is room enough there to work, but if a man happened to step off, where would he be? It would all depend on his past life as to where he would land."

He said it would be hard to fire off any big set pieces from the tower.

"As a matter of fact," wrote the Chicago fireworks man, "I advise strongly against it. You might fire a few little things from up there, but that would be all. Firing fireworks is like a man eating his dinner. I have noticed in the smaller towns they would like to drag it out. Personally I like to see a program shot in about 15 or 20 minutes. With our big spectacles we take up only 15 minutes for the fireworks proper, but as I said before, the smaller towns want to take up from 30 to 45 minutes. There are enough fireworks in the program to keep them busy for 45 minutes unless you have an expert."

"Brainerd is a corking good town and ought to have a big program. I have been there a number of times and the best is none too good for your city."

Children's Day Children's Day will be one of the big days of the celebration and W. H. Cleary, chairman, has gotten the

MAKING OF GALLOWS DISTURBS SMALL TRIAL

(By United Press) Waukegon, Ill., June 7.—Hammering together of a gallows in the court house yard disturbed witnesses and attorneys in the trial of Governor Len Small here today.

Ignatz Petz, whom the governor heard sentenced to death, will be hanged June 16.

Whether or not Small will grant a stay of execution or change the sentence to life imprisonment, is not known. The condemned man killed a policeman.

Small, at the time Judge Edwards sentenced Petz, informally expressed himself against capital punishment. Norman Griffin, cashier of the Grant Park Trust and Savings bank, testified today regarding disappearance of records of Small's transactions.

ADMINISTRATION IS HELPLESS AGAINST RISING COAL PRICES

OR TO TAKE STEPS TO END THE STRIKE, SAYS SEC. HOOVER IN STATEMENT TO SENATE

(By United Press) Washington, June 7.—The administration is helpless to protect the consumers against rising coal prices or to take legal steps to force an end to the mine strike, Herbert Hoover, secretary of commerce, said today in a statement to congress.

Answering a senate resolution which called upon him to disclose what steps the government had taken in the coal strike, Hoover admitted that it had acted only "informally" and has no power to control the situation.

whole Brainerd Musical club to help him. The executive committee of the Brainerd Musical club will meet on Thursday afternoon at the Chamber of Commerce to map out an extended program offering something of interest for childhood from babies to 16 years olds.

Every grownup has been a kid at some time and the kids must not be neglected in this big show.

The Crowds are Coming There is now every assurance that the crowds are coming to Brainerd. R. R. Wise, chairman of the housing committee, wants rooms listed with him. Call him up and give the information quickly. What would happen to Brainerd if it could not adequately care for the strangers coming.

Every family in Brainerd is interested in this homecoming. You will see relations, friends, you may not have seen for many years. Many families already report houses filled for home coming week, just by the relations coming to town.

Parking for Teams Mayor F. E. Little wants the farmers who drive teams to know that they have not been neglected. There will be parking space for teams. The farmer with his team is just as welcome in Brainerd as the farmer who motors to town in his automobile.

Public Safety Public safety during celebration week is a big item and the council delegated to Mayor F. E. Little full powers to take care of the situation as he saw best. The street traffic will be enormous all week.

There will be so many automobiles, busses, teams, baby carriages, pedestrians that it will need a big force to direct the swarms resembling State street in Chicago on a shoppers' afternoon.

Family Reunions Family reunions will be a charming feature of the celebration. The home coming week will have the flavor of a Thanksgiving holiday when pa and ma and all the children and grandchildren are assembled at the festal board.

Clarissa Coming Clarissa is a small town southwest of Brainerd. Advice received by District Deputy Shaver of Long Prairie are that 100 Clarissa people have signed up to come in their flivvers and take in Woodmen Day and several other days at Brainerd.

UNION RAIL LEADERS BELIEVE VOTE WILL FAVOR A STRIKE

SAY THERE IS A TREMENDOUS RESENTMENT AGAINST THE WAGE SLASH ORDERED

(By United Press) Cincinnati, Ohio, June 7.—The strike vote ordered by executives of eleven railroad unions affected by a \$109,000,000 wage cut, will be overwhelmingly in favor of a strike in the opinion of labor leaders assembled here.

Although the leaders declined to make any forecast of the outcome of the strike publicly, privately they forecast the reflection of tremendous resentment against the wage slashes ordered by the United States railroad labor board in a strong demand for a strike.

"The decision rests with the individual organization," said B. M. Jewell, president of the railroad employees department, American Federation of Labor, now presiding over a conference of railroad labor leaders.

"We have sent out strike ballots returnable June 30."

The possibility of a complete national railroad tie-up in the event of strike decision by the machinists, boilermakers, blacksmiths, telegraphers, signalmen, maintenance of way workers and other employees to whom strike votes were sent, was being discussed today by leaders.

Take Three Ballots Cincinnati, June 7.—Danger of a railroad strike was intensified today by the decision of leaders of the 125,000 workers affected by the \$109,000,000 wage cuts ordered by the United States railroad labor board to submit three strike ballots to the men instead of one. The three votes will be taken on these questions: 1. Wage reductions. 2. "Farming out" of railroad work. 3. Working rules and regulations recently promulgated for shop crafts.

SENATE VOTES DUTY ON MANGANESE ORE

MINNESOTA PRODUCERS GAIN VICTORY IN REFUSAL TO PLACE PRODUCT ON FREE LIST

Washington, June 7.—Minnesota producers of manganese ores gained a victory in the senate when that body refused to accept the finance committee amendment to place manganese ore on the free list. The bill, as it came from the house, provided a duty of 1 cent a pound on metallic content in manganese ore. The vote on the proposition to overturn the finance committee was 35 to 19. Twenty-five republicans and 19 democrats voted for the duty, while six democrats and 13 republicans voted against it.

The fight for the duty on Manganese was led by Senators S. D. Nicholson, Republican, Colorado, and T. J. Walsh, Democrat, Montana, in whose states there is production of manganese.

Sensors J. S. Frelinghuysen, New Jersey; F. B. Willis, Ohio, and Thomas Sterling, South Dakota, all republicans, led the opposition to the duty.

Charles W. Potts, Deerwood, Minn., who remained in Washington while the tariff was under discussion in the house committee of ways and means and the senate finance committee, urged a duty of 1 cent a pound metallic content in manganese ore for the protection of the producers of such ores in Minnesota and Arkansas, in which many Minnesotans are interested.

The house accepted his proposal despite the opposition of the steel industries.

The effect of the action of the senate, if it is adhered to when the bill is finally acted on in that body, will be to give the producers of manganese ores in Minnesota the protection they have sought.

PRISON TERMS FOR LIQUOR LAW VIOLATORS HEREAFTER

(By United Press) St. Paul, June 7.—Liquor law violators will rapidly become an extinct class of the methods of Judge Page Morris are followed, he declared today.

Carrying out his word, given at the last term of federal court, Judge Morris began giving jail sentences instead of fines. James Ryan, the first victim, was committed to the Ramsey county jail for 60 days. A number of other cases will come up Saturday.

FOREST FIRES CAUSE BIG LOSS OF TIMBER

BETWEEN TWO AND THREE THOUSAND ACRES BURN NEAR CRAMER

(By United Press) St. Paul, June 7.—Between 2,000 and 3,000 acres of virgin timber on the Manitou river near Cramer, in Cook county, has been burned over, the forest fire being still uncontrolled.

This report was made to State Forester W. T. Cox from H. G. Weber, district forest supervisor.

Ten other fires which threatened disaster on the north shore of Lake Superior, between Duluth and Grand Marais, are under control, it was reported.

The Manitou river valley fire is said to be of less intensity today with abating winds.

Washington, June 7.—Fighting in and about Harbin has ceased, the state department was notified today by John Stephens, chairman of the technical board of the Chinese eastern railway in Manchuria.

STEADY PROGRESS TOWARD SETTLING COAL STRIKE MADE

BY THE ADMINISTRATION, IT BECAME KNOWN TODAY; STABILIZATION OF INDUSTRY AIM

(By United Press) Washington, June 7.—The administration is making steady progress toward settlement of the coal strike, it became known today.

A development, the exact nature of which cannot be told, has occurred recently which has greatly enhanced the administration's hope of settling the strike, it was learned. While those who are in close touch with the government regarding the strike would make no prediction today of the time of holding the final grand conference of miners and operators now under consideration, they said that the adjustment which is hoped for at that time will go further than merely end the strike.

It will have a far reaching purpose, it is asserted, with its ultimate aim the stabilization of the whole industry.

'CHILDREN CRUSADERS' VISIT DEPT. OF JUSTICE

(By United Press) Washington, June 7.—The "Children crusaders" today extended to the department of justice their picketing campaign to expedite action for releasing their fathers, held in prison for so-called political offenses.

Banners touching on the charges recently made in the senate in connection with the Morse pardon were planted in front of the justice department building. One banner read: "Our fathers must be free. Release them to free our fathers."

Another said: "Our fathers did not take chemicals to get bright's disease."

ACCEPTANCE HINTED FOR LANDIS AWARD

CHICAGO BUILDING TRADES PEACE FORECAST—MADER AGREEMENT TO QUIT

Chicago, June 7.—Peace in Chicago's tritern building trades situation was predicted with reports that Fred Mader, indicted president of the Building Trades council, had agreed to resign and all of the Building Trades unions would accept the Landis award.

These developments, it was said, cleared the way to unhampered completion of building projects amounting to \$200,000,000.

Future policies of the Building Trades council, outlined at a meeting of union leaders Monday, include the election of a new president to succeed Mader, whose willingness to abdicate was expressed for the first time at last night's conference. Mader, however, had previously agreed with his bondsman, Thomas Carey, wealthy brick manufacturer, to relinquish leadership of council affairs along with Timothy "Big Tim" Murphy when the two were released from jail following their indictments in connection with recent bomb outrages and the slaying of two policemen.

Thomas S. Kearney, former president of the council, was prominently mentioned as Mader's probable successor. Kearney resigned under pressure of opposition to his recommendations several months ago that the unions accept the Landis award.

Latest developments indicated a return to power of labor leaders removed by activities of Mader and Murphy.

Advocates of acceptance of the Landis award received their strength from reports from Cincinnati that the building trades department of the American Federation of Labor would order adherence to the arbitration agreement made by K. M. Landis, former federal judge.

BROOKHART IS IOWA SENATORIAL NOMINEE

(By United Press) Des Moines, June 7.—Smith Brookhart was nominated the republican candidate for United States senator by receiving more than 40 per cent of the vote.

With but 113 precincts yet to be heard from, the progressive candidate had pulled 129,426 votes.

Get Administration Support

Washington, June 7.—The administration in the fall election will loyally support Smith W. Brookhart, victor in the Iowa senatorial primaries, who is generally considered an "ultra-progressive," it was announced here today.

Senator Medill McCormick, chairman of the republican senatorial committee, stated Brookhart is to have the full support of the republican party.

SENATE COMMITTEE BEGINS PROBE OF SOARING GAS PRICES

SEN. LA FOLLETTE, CHAIRMAN, SAYS PROBE WILL NOT DRAG; JUSTICE DEPT. BUSY

(By United Press) Washington, June 7.—Congress and the department of justice joined hands today to protest with the 17,000,000 automobile owners of the United States against soaring gasoline prices.

While the department of justice launched its probe into recent increases of gasoline prices, the senate manufacturers committee is being organized for an investigation of its own. Representatives of the big gas and oil companies will be called before the committee to explain why prices are going up.

The department of justice is investigating the legal aspect of the situation in an effort to determine what steps the government is empowered to take.

The report of the federal trade commission on the gasoline industry, which shows a record breaking gas price line reserve, is being made the basis for both probes.

"I am not able to say when the first hearing of the manufacturers committee will begin, but it will be as soon as possible," Senator La Follette, chairman of the committee, told the United Press.

"We intend to hustle the thing through as soon as possible, and the hearings will not be allowed to drag on indefinitely."

DEATHS FROM AUTO ACCIDENTS IN TWIN CITIES TOTAL SEVEN

(By United Press) Minneapolis, June 7.—The death toll from accidents in the Twin Cities reached seven for the three days ending last night when Dorothy Thompson was fatally injured by an automobile as she ran across the street to her mother. Witnesses said the accident was unavoidable.

Five others were injured and a number of speeders and careless drivers were taken into custody.

WHY WARD KILLED PETERS STILL MYSTERY

(By United Press) White Plains, N. Y., June 7.—Authorities who are making every effort to solve the mystery of why Walter S. Ward killed Clarence S. Peters, alleged blackmailer, have smashed up against a stone wall, it was learned today.

The motive behind the slaying is still held a secret by Ward. Mrs. Ward, in her appearance before the grand jury yesterday, refused to divulge any information other than to state her husband returned home at 4:30 the morning after the killing. This corroborates Ward's story that he killed Peters at 4 a. m.

The grand jury will meet again tomorrow.

U. S. WILL THRIVE WHILE EUROPE BEGS FOR FOOD

GOVERNMENT CROP EXPERT SAYS CROP OUTLOOK IN U. S. IS GOOD

WHILE EUROPEAN CROP PROSPECTS ARE MISERABLE; MUST LOOK TO U. S.

(By United Press) Chicago, June 7.—"America will thrive while Europe begs for food," This was the prediction here today of B. M. Snow, government crop expert, in summarizing the grain crop prospects of the world.

In discussing the crop conditions in America, the crop expert estimated the winter wheat crop at 600,000,000 bushels, which exceeds last year's figure. The spring wheat crop will total 250,000,000 bushels, or about 50,000,000 bushels more than last year.

Corn, Snow said, may not be so plentiful this year because of wet weather which delayed planting, but crops will not suffer seriously, however.

The oats will be light because of unfavorable weather. The fruit crop will be the largest in years, he predicted.

Crop prospects in Europe are miserable, Snow said. "Last year's crops were poor, but according to present predictions, they will be worse this year."

Wheat in France, northern Africa, Italy and Germany has suffered because of unfavorable weather.

The European countries undoubtedly will have to look to America for food.

PLOT DISCOVERED TO ASSASSINATE ROYAL FAMILIES

(By United Press) Belgrade, June 7.—A plot to assassinate the royal families of Roumania and Serbia, who are gathered here for the marriage of Princess Marie to King Alexander, is reported to have been discovered by secret police.

Extraordinary precautions to guard the royal personages' lives are being taken. Scores of suspects are being rounded up. Police are conducting hourly raids.

Among the royalties in Belgrade today are:

King Alexander of Serbia, King Ferdinand of Roumania, Queen Marie of Roumania, Princess Marie of Roumania, the Duke of York, Prince Alfonso and Princess Beatrice of Spain, and Prince Udine of Italy.

While the gayety preliminary to the wedding ceremony tomorrow is at fever heat, with colorful Balkan peasants costumes giving the quaint streets a kaleidoscopic appearance, there is an undercurrent of unmistakable anxiety.

The police and military are reticent, but entrance is closely guarded and streets patrolled throughout the city.

COLLEGE BOY DISLOCATES NECK; KEPT ALIVE BY COMRADES

Grove City, Pa., June 7.—Edwin Leslie, a student in Grove City college, is being kept alive by his fellow students applying artificial respiration. Leslie is suffering a dislocated neck, the result of striking his head on the bottom of the college swimming pool here. The injured vertebra cut off the air from the lungs, and it is said he would have died had it not been for the continual efforts of his fellow students. An operation was performed by Dr. J. O. Wallace, Pittsburgh, who said Leslie had a chance to live, although the crises has not been reached.

Leslie Dies Grove City, Pa., June 7.—Edwin Leslie, after some 20 fellow students and a corps of doctors and nurses kept him alive for 48 hours by artificial respiration, after he had dislocated his neck diving in a swimming pool, died this afternoon.

THE WEATHER

PICNIC HELD AT EAGLE LAKE SUNDAY

More than Fifty Young Folks from Nokay Lake and Surrounding Territory Held Second Annual One

DELICIOUS LUNCHEON SERVED

Afternoon Spent in Playing Games, Bathing, and Followed by Attendance at Church

More than fifty young folks from Nokay Lake and surrounding territory held their second annual picnic on the shores of Eagle Lake Sunday, June 4th.

A delicious luncheon was served composed of sandwiches, cakes, several varieties of salads, dill pickles, baked beans, ice cream and lemonade.

The afternoon was pleasantly spent playing games, bathing, etc., and after lunch the picnic was declared over so that all could attend church held by Rev. J. E. Cadwell of Brainerd at the North Nokay Lake school house.

Had Reason for Fear

At 2 o'clock a customer entered a restaurant and ordered lunch. Half an hour passed, and still he sat there unfed and miserable. Then, as the hands of the clock indicated 2:45, his face became grim and desperate. "Waiter," he called out, "what time do you close this shop?"

"Half-past six, sir," replied the waiter.

With a note of deep agitation in his voice, the customer asked: "You'll be very careful not to lock me in, won't you?"—Pittsburgh Chronicle-Telegraph.

Labor's Own Picture

"The Contrast", Labor's own picture, which is to be shown at the New Park theatre, Monday and Tuesday, June 12th and 13th, is a story of the trials and tribulations of mankind for their proper position in the world of today.

Mr. John Slayton, one of Labor's foremost workers in the struggle for right, is the author of this wonderful story. He was well fitted for his work on this story, by his many years of experience in labor and labor organizations.

"The Contrast" was made under the splendid direction of Gu Hedlund, who also leads the cast as Jack Adams. Miss Dorothy Bernard stars throughout as Grace Armstrong.

Watson-Moerke

Philip E. Watson and Laura Dorothy Moerke, both of Brainerd, were married at the home of Mr. and Mrs. Fred A. Moerke, 823 Main street at 8 o'clock a. m. June 6th, Rev. E. A. Cooke officiating. They went to Walker by auto where they will spend a short time, and then return to Brainerd where they will make their future home.

Leibold-Harris

Raymond Leibold of Ironton and Miss Harriet M. Harris of Ft. Ripley were married at the parsonage of the M. E. church June 1st, Rev. E. A. Cooke officiating. They were accompanied by Gretta Leibold and Ruford Harris.

Jangrau-Bassitt

George N. Jangrau and Miss Lily B. Bassitt were married June 6th in the afternoon at the parsonage of the M. E. church, Rev. E. A. Cooke officiating. They were accompanied by A. McBride and Mrs. Grinton.

NAMES, NAMES, MORE !NAMES ARE WANTED

Send names, names and more names with the address for each!

Let's make Brainerd's birthday party so big, so thorough, so delightful that old timers will say with the 10,000 present-timers, "Bully!"

Hundreds of names have already been turned in. These are receiving invitations and programs to the Home Coming.

You may have friends or relatives who used to live in Brainerd. How would you like to have them visit a week? They'd like it, you bet. The more you hear about this celebration, the more you think about it, the more enthusiastic you'll become, and the more happy you will be to have these old residents back with you.

The only way they may know about it, is to tell them: through the newspapers, or by letter.

Sit down and write out a list now, and send it to us. We'll mail invitations at once.

Then, suppose you do a little writing yourself?

Norwegian-Danish Lutheran Ladies Aid

The Ladies Aid of the Norwegian-Danish Lutheran church will meet on Thursday afternoon at the church parlors. Mrs. P. A. Olsen will entertain. Everybody welcome.

CAN'T DO THE WORK

It's too much to try to work every day against a constant, dull backache, or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them. Ask your neighbor!

Mrs. A. C. Hanson, 911 Kingwood St., Brainerd, says: "I had such a backache due to a disordered condition of my kidneys I was almost frantic. There was hardly a thing about the house I could do, my back was so sore and stiff. Stopping so irritated my back and kidneys I just had to give up. I had a constant, dull ache across the small of my back that just laid me out. I got such dizzy spells I didn't know what I was doing nor where I was going. I certainly was feeling miserable until I was led to use Doan's Kidney Pills. It only took a short time for Doan's to rid me of the misery and since then, my health has been just fine."

REAPPORTIONMENT OF REPRESENTATIVES

A BILL providing for a new and immediate census to show whether voters were disfranchised in any of the states at the last election, and for a reapportionment of the House of Representatives, has been introduced by Representative Tinkham of Massachusetts, a Republican.

For a long time Mr. Tinkham has been assailing the southern states on the ground that 70 per cent of the people are not allowed to vote. Last year he tried without success to force through a bill cutting down the southern representation in the House.

Mr. Finkham's new bill specifies that the schedules of the proposed census "shall include for each inhabitant the name, place of abode, relationship to head of family, sex, color or race, whether under or over 21 years of age, if 21 years of age or over, whether or not the right to vote was exercised at the last Presidential election and, if not, the reason why it was not so exercised," and that the statistics shall be tabulated by states, counties, cities and other minor civil divisions.

The bill provides in addition to the regular schedules that schedules shall be established which will allow the Census committee which formulates the new apportionment bill to have the best evidence obtainable upon which to base the enforcement of the mandatory Fourteenth amendment to the Constitution, which directs that Congress shall reduce representation in the several states in proportion to the disfranchisement that may exist in them.

Under present conditions, with federal representation based upon population, and with the Fourteenth amendment to the Constitution unenforced, there is tremendously disproportionate representation in Congress, destroying the equality of the several states as well as the franchise equality of all the citizens of the United States. It has become very much more than a racial question.

The notorious defiance and nullification of the Constitution in the southern states, the unconstitutional Presidential and Congressional elections, and scandalous franchise injustice, Mr. Tinkham believes, if not corrected, may at some future time bring great civil discord, if not revolution, in the republic.

DOOR NOT CLOSED ON RUSSIA

AFTER Secretary Hughes officially announced that the United States had declined the invitation to send representatives to a conference at The Hague, the foreign propagandists put forth strenuous efforts to show that the United States had not "closed the door" on Russia. The evident purpose of this was to create the impression that there was danger of the United States taking an attitude of cold indifference to the pitiable plight of the Russian people, and to also give encouragement to those who still hope to involve the United States in discussion of political issues that are solely of interest to European nations.

There has been no occasion for any reference to the closing or non-closing of the door. The President and his Secretary of State take exactly the same position today that they have taken ever since the present administration came into power. The official spokesmen of the American people have laid down the conditions upon which this country will resume its full international relations with Russia. There must be not only an alleged productivity in Russia, not merely an alleged recognition of property rights, sanctity of contract, and rights of free labor, but there must be "convincing evidence of the consummation of such changes," and safety of life as well.

No door has been closed on Russia; neither has the door been thrown more widely open than it was a year ago. The people of Russia know exactly the terms upon which a Russian government may receive recognition by the United States. If they desire that recognition they should be able to devise means of meeting the conditions. They will make no progress whatever along that line through the activities of European propagandists. That is certain.

NORTH DAKOTA SENATORIAL FIGHT

THE NORTH DAKOTA Senatorial fight seems to be a good deal mixed up, and the outcome is rather uncertain. The Valley City Times-Record says it "is a mixed up deal, to say the least, yet there seems to be a crystallizing movement around to unite on McCumber as against Frazier. There has been a great deal of opposition against the senior senator and many voters are yet lukewarm to his candidacy, but the general talk is, that McCumber has brains and would be a far preferable man to Frazier in the senate."

THERE are yips and yowls by the dear people about Congressmen and what they do and what they do not do, but, pertinently asks the Stillwater Gazette, "who is responsible for the Congressmen?"

THE BAUDETTE REGION declares that the beauty places of Northern Minnesota are so wonderful at this time of the year that it can't dare print all the facts about them. "The rest of the country would be depopulated if we did," it explains.

MISS McCORMICK
WILL BE BARRED
FROM SWISS SOCIETY

(By United Press.)
Zurich, Switzerland, June 7.—Mathilde McCormick, granddaughter of John D. Rockefeller, will be barred from Zurich society if she weds Max Oser.

The leaders of Switzerland's four hundred today are preparing to exclude Miss McCormick from their exclusive circle if she goes through with the marriage.

As Mathilde McCormick, member of one of the world's richest families, cannot be properly introduced as Fraulein Max Oser, wife of the every stable man, into the exclusive circle, because she doesn't belong there. The four hundred have nothing personal against Oser, who has always acted as a gentleman, whose manners are perfect and who is rather to be pitied because of the general belief that Mathilde threw herself at his head—but he simply doesn't belong.

Max is Willing to Wait

Basil, Switzerland, June 7.—Max Oser is willing to wait for the hand of Mathilde McCormick.

Intimate friends of the Swiss riding master said today he is so confident of the enduring quality of Mathilde's love that he would patiently acquiesce if the McCormicks persuade her to wait until she is 20, before marrying.

Oser is heartily sick of the court proceedings over his engagement to John D. Rockefeller's granddaughter, and is quite ready to make concessions to keep peace in the family.

GRIFFITH CONFERS
WITH CHURCHILL

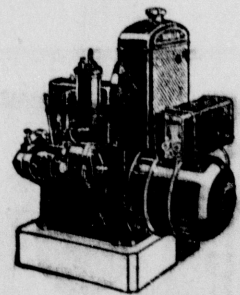

(By United Press.)
London, June 7.—Arthur Griffith, head of the Irish delegation, in a two hour conference today with Winston Churchill, minister of the colonies, discussed Britain's objections to certain clauses in the constitution of the Free State.

It is understood Griffith presented alterations in the constitution to meet the British objections. Griffith said, leaving the colonial office, there would be a second session tomorrow.

N. D. CROPS ARE
REPORTED GOOD

(By United Press.)
Minneapolis, June 7.—Crops are good in North Dakota. This report was made today by Curtis L. Mosher, assistant federal reserve agent, upon his return to Minneapolis from a two weeks' western trip.

"There has been plenty of moisture," said Mr. Mosher, "and other crop conditions are favorable."

CAUSE and EFFECT

Chiropractic goes several links farther back in the chain of cause and effect. While the germ theorist stops at the susceptibility of the patient, the chiropractor says that the susceptibility is a result of a lack of vital power or mental impulses, due to pressure on a nerve caused by a misaligned vertebra; and that when the vertebra is adjusted, the normal powers will again flow over the nerve, the effected will again become normal and the disease germs and every other incidental effect will disappear.

PARK SEASON BAND CONCERT

Opens Tonight at 8 O'Clock at Gregory Park. Fair Weather is Assured Concert

WELL BALANCED PROGRAM

Many Tourists from Nearby Resorts Will Motor to Brainerd to Hear Park Concert

The first regular concert of the Brainerd Municipal band, opening their park season, will be given at Gregory park tonight at 8 o'clock.

The conductor, Prof. Hugo Pfluck, announces a fine program replete with popular and near-classic positions.

The orchestration of the band this season is one flute, one E flat clarinet, four B flat clarinets, four saxophones, five cornets, three horns, four trombones, one baritone, two E flat bass and one double B flat bass, snare and bass drum. New instruments recently added to the band and which assist materially are the flute and the double B flat bass, which by the way are the highest toned and "lowest" throated instruments in music.

The band members have shown commendable spirit and enthusiasm under Prof. Pfluck's guidance. He has drilled them in assembled playing, etc. The professor has been director for years of military bands and orchestras and knows how to produce the ensemble necessary for the perfect rendition of band music.

Tonight's Music

This is the program for tonight's concert:

1. "The Hour of Victory March" E. Beaton
2. Overture, "The Betrothal" E. S. Bagley
3. "Lazarre" Waltz F. Jewell
4. "I Would that my Love" Song Mendelssohn
- Solo for two cornets
- Mr. Broschinski and Mr. Liebau
5. "Kiss Me Quick", Novelette S. Isenman
6. (a) "Angel Child", Fox Trot Silver
- (b) "Gypsy Blues", Blake
7. "In a Garden of Melody", Sudds Intermezzo
8. "By the Old Ohio Shore" M. Earl
9. "The Royal Vagabond", Selection Cohen & Goetz
10. "Prince Henry" March R. Ellenberg

"Bids Wanted on Coal"

The Board of Education of the Brainerd School District will receive sealed Bids at the office of the secretary, Louis F. Hohman, 214 So. 6th street, Brainerd, Minn., up to seven o'clock p. m. Saturday, June the 17th 1922, to furnish this Board with 250 to 300 tons of screened Yough, lump coal or equal to be delivered to the various school buildings in the district within thirty days after date of acceptance of bid.

The committee on fuel, supplies and printing reserves the right to reject any or all bids.

Respectfully,

LOUIS F. HOHMAN,
Sec'y. Board of Education of the
Brainerd School District
By order of the committee on Fuel,
Supplies and Printing. 412ws

NOTICE

The sale and use of fire works in the City of Brainerd is prohibited at this time by ordinance of the City of Brainerd. Complaints for violation of this ordinance have come to the Police Department and prosecution will follow this ordinance.

ERICK GRAFF,
Acting Chief Police 1t

A UNION PICNIC IN NAME AND SPIRIT

The Sunday schools of the Peoples Congregational and South Long Lake Presbyterian churches will hold a union picnic at Armstrong's point, or better known as "Shady Point" on Wednesday, June 14. This is not a selfish affair but a hearty welcome will be extended to each and every one that desires to come and lend their presence, making the program more profitable because the good things will reach the larger number.

It would be taking too much space to publish the complete program, but sufficient will be said, when one understands that there will be sports of all kinds, in connection with constructive addresses following a good community sing. Watch the Dispatch for further announcements, said Rev. J. E. Cadwell, the congregational pastor.

STREET CLEANING MACHINE ON WAY

The city officials received word today that the street cleaning machine which was recently ordered will be shipped out of Milwaukee today. They will put the machine in operation within a week.

This is very commendable and will put Brainerd in tidy shape and keep it so.

ALFRED H. MIELKE DIED

Former Brainerd Boilermaker Died at Pittsburgh, Kansas—Employed by Kansas City Southern

This article from the Pittsburgh, Kansas paper records the death of a former Brainerd man, employed as a boilermaker in the railway shops here.

Alfred H. Mielke, Kansas City Southern boilermaker, age 31, died at his home, 1112 East First street, Wednesday afternoon at 3:30 o'clock, following an illness of several months. Mr. Mielke, who is the son of Mr. and Mrs. Robert Mielke, 1142 East First street, was born in Germany. A widow, Mrs. Evelyn Mielke, two children Margaret age five years and Dortha, age three and his parents survive him. He is also survived by four brothers and sisters.

The brothers are Adolph, Minnesota; Robert H., Sedalia; Enrich H., 1142 East First street; and Herman at home. The sisters are Mrs. E. L. McGrath, 115-1/2 West Third street; Mrs. H. B. Powers, East Euclid; and Misses Olga and Agnes at home.

Funeral services were conducted by Rev. O. Matuschka and interment was made in the Lutheran cemetery.

3 FIRES IN CITY, HORSES BURN IN BARN

Three fires Wednesday morning kept the department busy.

A grass fire was extinguished near 1012 Rosewood street.

The barn of William Ledoux out of fire limits on East Oak street near the Dodd place burned and two horses were burned to death. The fire occurred at 11:25 a. m.

Rubbish on fire near the Ransford pool hall was quickly extinguished.

McCREE SAYS ROYALTON FAIR GOERS MAY DRIVE TO CITY ON PAVEMENT

Mr. McCree of the McCree-Moos contracting company which is laying the pavement between St. Cloud and Little Falls announced this morning at St. Cloud that he expects to have the pavement completed to such an extent that Royalton state fair enthusiasts will be able to drive to the Cities on a straight stretch of pavement.

The pavement will be the longest uninterrupted stretch in the state. The contracting company has made special efforts to complete the work at an early date with the aim of breaking world records for speed in the laying of concrete pavement. Before fall Little Falls will be reached.

Sunshine Circle

The Sunshine Circle of the Methodist church will serve ice cream and cake during the band concert tonight.

New Aprons They are Dainty Ones

How cool and comfortable these aprons are these warm days. BUT that is not all. They are made most attractively and appeal at once to those who insist upon cleverly made garments. This is a new lot you will find pleasure in looking thru.

White Wash Skirts

Beautiful in style, in materials and in workmanship. They have brought forth only favorable comment and we know that you will enthuse too. The new prices are most attractive.

"My Bell Rang"

Some people call telephone numbers and then hang up before the called person has time to answer. And sometimes the called person is slow in answering and the calling party hangs up.

The result is that when the call is answered there is no one on the line, and an operator asks "Number, please?"

We instruct the operators to say "Excuse it, please" when, upon answering a call, a subscriber says that his bell rang.

Any operator can ring your telephone, but only an operator at the one position where your line comes in can answer you when you lift your receiver.

NORTHWESTERN BELL TELEPHONE COMPANY

SPORTSMEN

DO NOT FORGET THE DATE OF THE

Registered TRAP SHOOT at
BREEZY POINT LODGE

Next Saturday, Sunday and Monday

Saturday night will be our first dance of the season with the Pequot Picaresque furnishing orchestral music. Dance tickets \$1 per couple. Dancing from 8 to 12. Also, an immense bonfire and demonstrations of our new sea sled, which traveled over the water at a speed of 50 miles per hour on its trial trips last Monday and Tuesday. The seaplane and airplane also will be in action. Motion pictures will be made for distribution to theatres throughout the United States. We expect one hundred or more of the leading trap shooters of the Northwest to attend this tournament, so bring along your gun, rod, and reel, and enjoy yourself these three big days.

BREEZY POINT LODGE,
W. H. Fawcett, Owner.

AMUSEMENTS

Conway Tearle Coming

Conway Tearle in "A Wide-Open Town" is the attraction at the New Park on Friday and Saturday. This photoplay represents the return to Brainerd of one of the most popular photoplay stars now appearing before the camera. Mr. Tearle has developed a big following throughout the entire country through his work in the kind of photoplays of which "A Wide-Open Town" is a splendid example. His roles invariably are of the kind which call for histrionic ability of the highest order and place little dependence upon the physical tributes of the actor.

Norma Talmadge Gives Girls Tip for Happiness

It's the girl without the camouflage these days that wins the masculine affection, the diamond solitaire and the vest-pocket bungalow. "Up stage" is all right from a stage manager, but not with a maiden.

This is from a heart-breaker of no less importance than Norma Talmadge, considered by many fans "the queen of the screen."

"Be natural," advises the lovely Nor-

ma, whose latest and most ambitious First National production, "Smilin' Through," comes to the New Park tonight and Thursday. "It's the only safe way. I know very well I'd hate to act a part and then have the man I was interested in find me out. Be natural in all things."

Best Horses Seen in Helen Gibson Feature

The finest horsethief in the land of the great northwest is seen in "The Wolverine," the six-reel action photodrama which is the attraction at the New Park, Sunday only. Spencer Productions, Inc., in planning for this starring vehicle for Miss Gibson, scoured the land for the finest of Arabian steeds. That they accomplished their purpose is best evidenced by the action of the story.

As an added attraction Helen Gibson appears in person.

Tom Mix In Another Picture of Action and Fun

Tom Mix will be here again tonight and Thursday, at the Lyceum, in his latest William Fox picture, "Chasing the Moon." This is another Mix whirlwind photoplay, full of stunts and thrills, and at the same time packed with fun.

With his usual zest and his exhibi-

tion of the joy of living, the Fox star travels half way around the world in this picture. He cuts his hand and is told that deadly poison has entered into the cut. A certain professor knows the only antidote. Mix must reach the professor in a month or die; and the professor is about to sail for Russia. He starts on horseback, changes to an auto, and keeps swapping cars and motorcycles until he reaches the steamship pier—only to find the steamer has sailed; so he swims to a motorboat, and pursues the steamer, only to find his man took an earlier vessel. The professor keeps a couple of jumps ahead of Tom until first Russia, then Spain is reached.

Great Photoplays Coming

The Lyceum is offering a string of very unusually fine pictures, to be shown in the near future. Thos. Meighan in "Civilian Clothes," a Paramount picture, on next Monday and Tuesday. Wm. Fox's two great specials, "Foot Falls" and "Over the Hill" to follow.

Des Moines, Iowa, June 7.—Ten employees were overcome by fumes from a cooking oven in the plant of the Standard Biscuit company here today. Two girls are in a serious condition. The injured include nine girls.

Hughes Confers With Watson On Speech Attacking Ambassadors

Washington, June 7.—Secretary of State Hughes and Senator Watson, of Indiana, held a long conference at the state department today as the result of the international disputes caused by the senator's charges that the British and Italian ambassadors are meddling in American domestic affairs such as the tariff bill discussion. It is understood Hughes told Watson he believed his attacks on Ambassadors Geddes and Ricci were unfounded.

RAILROAD MERGERS REGARDED CERTAIN

Kansas City, Mo., June 7.—Merger of the Alton and Katy railroads and the Union Pacific and Central Pacific were regarded in railroad circles as a practical certainty, prominent rail officials declared here today.

A. F. Hilton, vice president of the Frisco, speaking as an observer, today declared that it was known in rail circles that the interstate commerce commission had suggested such a merger as an "economic measure."

SUPREME COURT DEALS BLOW AT ORGANIZED LABOR

(By United Press)

Washington, June 7.—The United States supreme court went out of its way to deal a blow at organized labor in its decision Monday on the famous Coronado Coal company's suit, Senator La Follette, Wisconsin, charged today in a prepared statement.

Although the court had set aside the money judgment against the United Mine Workers, the decision "is most ominous in what it foreshadows for the future union labor in this country," La Follette stated.

Nash Leads the World in Motor Car Value

May Writes New Nash History

May stands out in the annals of Nash history by reason of two impressive events.

Despite the new high sales record set by April there was a 23% increase recorded by May.

And early in the month of April the 100,000th Nash left the factory, so that May sees us vigorously on our way toward the 200,000 mark.

No other car of the Nash class ever attained anything like this volume of business in the first four and one-half years of production.

The new Nash line includes twelve models: Four and six cylinders; open and closed; two, three, four, five, and seven passenger capacity; a price range from \$965 to \$2390, f. o. b. factory.
